BEAUTIFUL AND SAFE FOR YOUR FAMILY?  
MAYBE IT DID COME FROM A MOTHERSHIP.

---

The number of eyewitness accounts are staggering. Parents across the nation are reporting the sighting of thousands of beautiful, durable colors from a paint with zero VOCs and virtually no odor. How can this paint have such strength and beauty, yet be free of hazardous fumes? Did Mythic<sup>®</sup>, a revolutionary high performance, non-toxic paint come to us from intelligent life forms? Knowing that it's completely safe for children, it's hard to explain otherwise.
